Preparedness List

This is not meant to be a 100% comprehensive list. Many of these items are "must haves" but not all. Decide for yourself and your family what you need and prayerfully prepare accordingly. Sometimes somewhat redundant items are listed like Dutch oven and pots/pans. You don't need one of everything, so just plan what you need and what your family is prepared to use. These are just suggestions and things to consider as you make your own plans.
